REGISTER TODAY AT CYTOPATHOLOGYMEETING.ORG
DEAR COLLEAGUES,

On behalf of the American Society of Cytopathology Executive Board and Scientific Program Committee, we would like to invite you to the 64th Annual Scientific Meeting to be held November 4-7, 2016 at the Hyatt Regency in New Orleans.

Our theme of “Envision Your Value, Advocate for the Future” could not be a more suitable backdrop for our time together. We are looking forward to forging new relationships, strengthening existing ties, robust learning, and recognizing individuals who have contributed to our success.

The ASC’s Annual Scientific Meeting provides the best value for your professional development budget:

- **Earn credits.** Full participation in the ASC Meeting gets you 44.5 CME credits!
- **Strengthen your professional network.** The Meeting is developed by cytopathology professionals, for cytopathology professionals. Connect with faculty and peers through our networking events, Sign-out with the Professor Sessions and Roundtable Discussions.
- **Improve your practice.** Cytology Workshops, Video Microscopy Tutorials and information packed sessions will provide you strategies to implement at your institution. The Meeting has a wide breadth of topics from classification updates to communication workshops.
- **Experience inspiring and engaging keynote speakers.** You’ll hear presentations from three keynote speakers that will keep your practice relevant in the coming years.
- **Discover a Meeting that meet your needs.** Whether you are a cytopathologist, cytotechnologist, trainee or student cytotechnologist, our Meeting will connect you with specific programming that speaks to the challenges you face today.

This year’s conference kicks off on Friday and runs through Monday afternoon. Throughout the four days, there will be rich programming and networking opportunities that will make a rewarding and memorable experience for you. The numerous workshop sessions, presented by the current leaders in our field, will encompass topics that focus on current practice. The Exhibit Hall will have exhibitors showcasing current products. Additionally, poster presentations will be on display.

The ASC’s 64th Annual Scientific Meeting is a channel for growth and opportunity for all participants. We are confident this year’s Meeting will exceed your expectations and fulfill your education goals. We welcome both members and non-members to the Meeting and look forward to seeing everyone in New Orleans!

Yours truly,

[Signatures]

For more information and to register, visit cytopathologymeeting.org
Target Audience

This Meeting is designed for pathologists, cytopathologists, cytotechnologists, students, and other members of the cytopathology community.

Educational Objectives

The American Society of Cytopathology’s 64th Annual Scientific Meeting will:

- Update cytopathologists, cytotechnologists and anatomic pathologists on the current practice of cytopathology, review the latest techniques and guidelines, and update disease classification to achieve better diagnostic accuracy.
- Encourage and promote greater knowledge of cytopathology, small biopsies and ancillary testing to set the highest standards for quality patient care.
- Foster research in the early diagnosis and effective treatment of human cancer and other diseases.
- Provide a forum for advocacy on behalf of cytopathologists and their patients.
- Present communication skills to foster meaningful interactions and ultimately better patient care.

Earn up to 44.5 CME and CMLE Credits

Credits by day: Friday 11.0 | Saturday 14.5 | Sunday 11.0 | Monday 8.0

Continuing Medical Education (CME): The American Society of Cytopathology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American Society of Cytopathology designates this live educational activity for a maximum of 44.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Continuing Medical Laboratory Education (CMLE): The ASC designates this activity for a maximum of 44.5 Continuing Medical Laboratory Education (CMLE) credit hours for non-physicians. The CMLE credit hours meet the continuing education requirements for the ASCP Board of Registry Certification Maintenance Program. Participants should claim only the credit commensurate with the extent of their participation in the activity.

American Board of Pathology Maintenance of Certification (MOC): The 64th Annual Scientific Meeting will have up to 80 courses available to help fulfill the CME requirements mandated by the American Board of Pathology Maintenance of Certification (MOC) process.

Earn up to 33.0 SAM Credits

Self-Assessment Modules (SAMs): The 64th Annual Scientific Meeting will offer sessions (maximum of 33.0 credits) requiring completion of (SAM) to test knowledge. Video Microscopy Tutorials, Microscopic and Non-Microscopic Workshops, Panel Luncheon Seminars, Virtual Slide Seminars, and select Scientific Sessions qualify for SAMs.

The ASC will provide ONLINE session evaluations for all attendees to complete in order to receive a certificate for CME/CMLE/SAM credits. This activity is approved for continuing education credits in the State of Florida and the State of California.

For more information and to register, visit cytopathologymeeting.org
REGISTRATION

The ASC Registration Package enables you to attend Scientific Sessions, Poster and Platform Presentations, plus free access to 3 continental breakfasts, 5 refreshment breaks and 2 networking receptions.

Scientific Sessions Include:

- Superficial FNA Procedure
- ASC Foundation Movie Night
- State of the Society Address
- Leopold Koss Lectureship
- Poster and Platform Presentations
- Hot Topic
- Current Issues in Cytology
- Papanicolaou Address
- State of the Art Symposium
- Guest Lecture: Using Improv to Teach Science and Medicine to the Public
- “Envision Your Value, Advocate for the Future”
- Guest Lecture: Disaster Management
- Diagnostic Cytology Seminar
- JASC: Challenges in Medical Publishing
- Superficial FNA Procedure
- ASC Foundation Movie Night
- State of the Society Address
- Leopold Koss Lectureship
- Poster and Platform Presentations
- Hot Topic
- Current Issues in Cytology
- Papanicolaou Address
- State of the Art Symposium
- Guest Lecture: Using Improv to Teach Science and Medicine to the Public
- “Envision Your Value, Advocate for the Future”
- Guest Lecture: Disaster Management
- Diagnostic Cytology Seminar
- JASC: Challenges in Medical Publishing

ADDITIONAL TICKETED COURSES

Attendees must pre-register in advance and receive a ticket, before entrance to these sessions will be honored.

Strategies in Cytotechnology Education (CME/CMLE)

This session will include Cytotechnology Program updates, perspectives of newer Program officials and more. A presentation focused on the next steps for an Advanced Anatomic Pathology Practitioner will complete the session.

Strategies in Cytopathology Education (CME/CMLE)

The first part of this session will focus on how Program Directors can assist their fellows as they enter the job market. In the second session, presenters will address how Program Directors can revise their curriculum to accommodate the ACGME Milestones, especially Systems-based Practice Milestones, covering personnel, finance, quality improvement, risk management, and safety. A variety of creative approaches to teaching the Milestones to fellows will be shared.

Trainee Enrichment Sessions

ASC Members who are Residents, Fellows, Students and Cytotechnologists in their first 3 years can register. Trainee Enrichment Sessions are FREE 60 minute sessions throughout the Meeting. They are informal gatherings with lead speakers to keep the topics on track. Open dialogue is encouraged during all sessions.

Cytology Workshops (CME/CMLE/SAM)

- Non-Microscopic Workshops are 1.5 hours (or 1 hour for a Non-Microscopic Mini Workshop) intensive sessions promoting interaction and the exchange of information regarding specific significant topics.
- Microscopic Workshops consist of 1.5-2 hours of a combination of lecture and hands-on viewing with provided microscopes. Participants review cases and ask questions of the faculty as they review the glass slides. This format provides background information and presentation of any changes in practice, pitfalls in morphology, and ancillary studies.

NEW! Virtual Slide Seminars (CME/CMLE/SAM)

The Virtual Slide Seminars are a new and innovative way to see interesting unknown cases as digital whole slide images. Presenters will begin with a brief 30-minute introductory lecture. Then the participants will have time to independently review interesting cases selected by the faculty and presented as virtual slides on dedicated laptop workstations.

Video Microscopy Tutorials (CME/CMLE/SAM)

Interact with experts in the field during these small, informal slide reviews. Presenters project slides through a video microscope to review interesting cases. Participants do not use individual microscopes.

Panel Luncheon Seminars (CME/CMLE/SAM)

These interactive sessions focus on a single topic and are presented by nationally known expert(s). The seminars commence with a lunch followed by the lecture. An opportunity for questions and answers is offered at the end of the seminar.

Roundtable Discussions (CME/CMLE)

These sessions encourage intimate discussions on different topics. Each table will have one speaker facilitating up to 9 participants. Participants may register for one topic and are not permitted to switch tables.

Sign-out with the Professor (CME/CMLE)

These 1 hour sessions provide close contact with an expert in the field doing what we all love, cytomorphology. Each session will focus on one area and the cases will be presented in a sign-out style at a 10-headed microscope. Participants are encouraged to join in the discussion.

Ultrasound FNA Workshop (CME/CMLE)

In this interactive workshop, participants will work with faculty in small groups to improve FNA biopsy technique and learn ultrasound guidance. A short lecture on FNA techniques and US guidance will be followed by practice sessions with the participants divided into small groups of 4-5. With supervision, each participant will practice FNA biopsy and smearing as well as using US guidance.

★ Included in Registration rate. Attendees must pre-register in advance and receive a ticket, before entrance to these sessions will be honored.

**Please Note:** Pre-registration is recommended. If you register after October 20th, handouts will not be available until you are on-site or after the Meeting.

**Cancellation and Refunds:** All cancellations must be made in writing. 80% of registration fees will be refunded for those received by October 1, 2016. 50% of registration fees will be refunded for those received between October 1, 2016 and October 20, 2016. There is no refund for those received after October 20, 2016.

**Guest Registration:** Registered attendees may want family members to attend the ASC President’s Welcome Reception and/or the ASC Foundation reception. An additional registration fee of $75.00 is required for guests to attend these events. Please contact the ASC National Office to register a guest.

The ASC Foundation is now accepting applications for ANNUAL SCIENTIFIC MEETING TRAVEL SCHOLARSHIPS

Don’t miss the opportunity to attend the Meeting on scholarship!

APPLICATION DEADLINE: August 15, 2016
AWARD NOTIFICATION: September 2016

FOR CYTOTECHNOLOGISTS
- Up to 5 scholarships awarded | Awarded to cytotechnologists in their first five years of membership or a Member who is attending the Meeting for the first time.

FOR PATHOLOGY RESIDENTS OR CYTOPATHOLOGY FELLOWS
- Up to 5 scholarships awarded | Awarded to Pathology Residents or Cytopathology Fellows who are ASC Members currently in a residency or fellowship program

FOR INTERNATIONAL MEMBERS
- Up to 2 scholarships awarded | Awarded to an International Medical and an International Affiliate Member who has joined the ASC in the previous three years.

APPLY TODAY
ascfightingcancersavinglives.org

Applications will only be accepted on the ASC Foundation Web site. For questions regarding submission of your application, please contact the ASC National Office at (302) 543-6583 or asc@cytopathology.org.

NEW SCHOLARSHIP!
ICPI Trainee Travel Award

Organized by its sponsoring and associate member societies, the Intersociety Council for Pathology Information, Inc. (ICPI) has launched a program to support trainee participation in scientific meetings. The award is a stipend intended to offset the travel costs for attending one of ICPI's member societies' meetings.

$500.00 will be awarded to trainees who are an author/co-author on an accepted abstract at the meeting they are attending.

A limited number of ICPI Trainee Travel Awards are available in 2016. Awardees must currently be a trainee (medical student, graduate student, resident, fellow) member of one of the American Society of Cytopathology. If you are a recipient of the ICPI Pathology Honor Society, your application will be given priority.

For more information and to apply, visit us at cytopathologymeeting.org

Cytology of Bone Tumors and Pseudotumors: The Diagnostic, Prognostic and Therapeutic Implications

3:30 PM – 5:00 PM
Sara E. Monaco, MD
Liron Pantanowitz, MD
Non-Microscopic Workshop 2
Challenging Hematopathology Cases in FNA and Small biopsies: Lesions other than Non-Hodgkin Lymphoma

3:30 PM – 5:30 PM
Donna K. Russell, MEd, CT(ASCP) HT
Virtual Slide Seminar 4
A Walk Around The Block: Cell Blocks in Cytology

4:00 PM – 6:00 PM
Christine N. Booth, MD
Fadi W. Abdul-Karim, MD, MEd
Dawn Underwood, MS, CT(ASCP)
Microscopic Workshop 2
Common and Challenging Pap Tests with Histopathologic Correlation and Management

6:30 PM – 7:30 PM
Farnaz Hasteh, MD
Non-Microscopic Mini Workshop 1
Litigation Risk Cases in Cytology: How to Approach the Discrepancy, Discover the Root Cause and Implement the Relevant Countermeasures
FRIDAY, NOVEMBER 4, 2016

6:30 PM – 7:30 PM
- Eric C. Huang, MD, PhD
- David W. Kindelberger, MD
Non-Microscopic Mini Workshop 2
Updated ASCCP Consensus Management Guidelines for Women with Abnormal Cervical Cancer Screening Tests

6:30 PM – 8:00 PM
- Sarah M. Calkins, MD
- Britt-Marie E. Ljung, MD
Video Microscopy Tutorial 4
Challenging Cases in Thyroid FNA: Minimizing AUS/FLUS and Suspicious Classifications

SATURDAY, NOVEMBER 5, 2016

6:30 AM – 5:30 PM
Registration Open

SCIENTIFIC SESSIONS

7:00 AM – 8:00 AM
Continental Breakfast in the Exhibit Hall

8:00 AM – 9:00 AM
- Eva M. Wojcik, MD
- Kalyani Naik, MS, SCT(ASCP)
- Mary R. Schwartz, MD
- Edward S. Cibas, MD
State of the Society
The State of the Society Address is given by the current ASC President, ASC President-Elect, ASC Foundation President and the senior ranking cytotechnologist sitting on the Executive Board. The address will cover the latest developments in the Society, the ASC/ASCP Workgroup activities, Foundation updates and ASC future initiatives.

9:00 AM – 10:00 AM
- Laura J. van't Veer, PhD
Leopold Koss Lecture
Dr. van’t Veer is a world-renowned Molecular Biologist and leader of the breast oncology program and Associate Director, Applied Genomics at the UCSF Helen Diller Family Comprehensive Cancer Center. Her research focuses on personalized medicine, and aims to advance patient management based on knowledge of the genetic makeup of the tumor as well as the genetic makeup of the patient.

10:00 AM – 11:00 AM
Poster Presentation and Exhibit Hall Refreshment Break

11:00 AM – 12:00 PM
Platform Presentations 1-4

2:00 PM – 3:30 PM
- William E. Faquin, MD, PhD
- Mary R. Schwartz, MD
- Beth M. Beadle, MD, PhD
Hot Topic
HPV Testing in Head and Neck Carcinomas – Draft Recommendations From the College of American Pathologists
SATURDAY, NOVEMBER 5, 2016

3:30 PM – 4:30 PM
Poster Presentation and Exhibit Hall Refreshment Break

4:30 PM – 5:30 PM
Platform Presentations 5-8

5:30 PM – 6:30 PM
Current Issues in Cytology
Moderator: Liron Pantanowitz, MD
Panelists: Brian T. Collins, MD
Keith J. Kaplan, MD

1.0

6:30 PM – 8:30 PM
ASC President’s Welcome Reception with Exhibitors
Wrap up the day of Scientific Sessions by joining your colleagues in the ASC Exhibit Hall. Get a bite to eat and drink while connecting with the exhibitors and colleagues. Don’t forget to visit each exhibit booth!

ADDITIONAL COURSES
Attendees must pre-register in advance and receive a ticket, before entrance to these sessions will be honored.

7:30 AM – 8:30 AM
Trainee Enrichment 1
What Type of Practice Do You Want?
Trainees must pre-register and receive a ticket. Trainees include Residents, Fellows, Students and Cytotechnologists in their first 3 years.

7:30 AM – 9:00 AM
Microscopic Workshop 3
Comprehensive Review of Anal Cytology with Cyto-histologic Correlation and Clinical Management

Non-Microscopic Workshop 3
Pancreatic EUS-FNA Interpretation: An Exercise in Integrating EUS and Cytologic Findings

Non-Microscopic Workshop 4
Challenging Cases: Biopsy of the Lung and Mediastinum with Radiology-Cytology-Surgical Pathology Correlation

Video Microscopy Tutorial 5
Soft Tissue Tumors That Mimic Carcinomas in Fine Needle Aspiration: Pearls and Pitfalls
MEETING PROGRAM

SATURDAY, NOVEMBER 5, 2016

8:00 AM – 10:00 AM

Virtual Slide Seminar 5
Brian T. Collins, MD
Pancreas EUS FNA: Unusual and Challenging Cases
CME/CMLE/SAM 2.0

10:00 AM – 11:00 AM

Sign-out with the Professor 1
Syed Z. Ali, MD, FRCPath, FIAC
Thyroid Cytopathology: Uncovering Diagnostic Issues and Pitfalls
CME/CMLE 1.0

10:00 AM – 11:30 AM

Microscopic Workshop 4
Elham Khanafshar, MD
Body Fluid Cytology
CME/CMLE/SAM 1.5

10:30 AM – 12:00 PM

Non-Microscopic Workshop 5
Qing Kay Li, MD, PhD
Momin T. Siddiqui, MD, FIAC
K. Ranh Voong, MD
Impact of New WHO Classification of Lung Cancers on Cytological Practice and the Utility of IHC Markers: An Evidence-Based Practice
CME/CMLE/SAM 1.5

11:00 AM – 12:00 PM

Trainee Enrichment 2
Susan D. Rollins, MD, FCAP, FIAC
How to Communicate with Patients for Patient Satisfaction and Reduce Practice Risk
Trainees must pre-register and receive a ticket. Trainees include Residents, Fellows, Students and Cytotechnologists in their first 3 years.

12:00 PM – 1:45 PM

Panel Luncheon Seminar 1
Sinchita Roy-Chowdhuri, MD, PhD
Michael H. Roh, MD, PhD
Molecular Diagnostics in Cytopathology: Opportunities, Limitations, and Pitfalls
CME/CMLE/SAM 1.75

12:00 PM – 1:45 PM

Panel Luncheon Seminar 2
Liron Pantanowitz, MD
Sara E. Monaco, MD
Quantitative Cytology and its Emerging Role in Daily Practice
CME/CMLE/SAM 1.75

2:00 PM – 3:30 PM

Non-Microscopic Workshop 6
Cora G. Uram-Tuculescu, MD
Adele O. Kraft, MD
Aiming for the “Thornless ROSE”: Histomorphology Correlation for the Cytotechnologist
CME/CMLE/SAM 1.5

2:00 PM – 3:30 PM

Video Microscopy Tutorial 6
Marino E. Leon, MD
Pedro Horna, MD
How to Interpret Fine Needle Aspiration of Lymph Nodes Avoiding Pitfalls and Using Appropriate Ancillary Studies
CME/CMLE/SAM 1.5

3:30 PM – 5:15 PM

Roundtable Discussions 1-8
N. Paul Ohori, MD
1. Is Your Department Considering the Implementation of Thyroid Molecular Testing? Issues to Consider for Selection and Interpretation
CME/CMLE 1.75

2. Can Cytomorphology Predict the Histological Subtypes of Follicular Variant of Papillary Thyroid Carcinoma: Perspectives Discussed
CME/CMLE 1.75

## SUNDAY, NOVEMBER 6, 2016

**6:30 AM – 5:30 PM**

**Registration Open**

### SCIENTIFIC SESSIONS

**7:00 AM – 8:00 AM**

Continental Breakfast in the Exhibit Hall

**8:00 AM – 9:30 AM**

Platform Presentations 9-14

**9:30 AM – 10:30 AM**

Poster Presentations and Exhibit Hall Refreshment Break

**10:30 AM – 11:00 AM**

*Papanicolaou Address*

*Wardee: Ann T. Moriarty, MD*

The Papanicolaou Award, established in 1958, is the highest Award given by the Society and is presented annually to a physician or PhD ASC member. Recipients are in recognition of meritorious contributions in the field of cytopathology.

**11:00 AM – 12:00 PM**

*Taking a Stand: Using Improv to Teach Science and Medicine to the Public*

*Heather L. Barnes, MA*

This Session will demonstrate the power of improvisational techniques with teaching, team building, communication skills and increase science learning. Based on her extensive work at Second City and the Museum of Science and Industry in Chicago, Heather Barnes will lead the audience through how improvisation is innovatively used to engage guests in science content, increase guest relations, and tailor content to individuals, bridging theater and science. Come ready to experience these techniques and best practices in action and leave with new communication techniques and strategies.

**2:00 PM – 3:30 PM**

State of the Art Symposium

Tissue Procurement

*Moderator: Britt-Marie E. Ljung, MD*

**3:30 PM – 4:30 PM**

Poster Presentations and Exhibit Hall Refreshment Break

**4:30 PM – 5:00 PM**

*“Envision Your Value, Advocate for the Future”*

*Jenna Benson, MS, CT(ASCP)*

Updates on the Future of Cytopathology Training

**5:00 PM – 6:00 PM**

*Guest Lecture*

*Maureen Lichtveld, MD, MPH*

Maureen Lichtveld, MD, MPH, is the Chair of Environmental Policy at the Tulane School of Public Health and Tropical Medicine. Dr. Lichtveld has been recognized for her work in developing a master’s program in disaster management at Tulane. She was named chair of the Department of Global Environmental Health Sciences just three weeks before Katrina, which underscored the need for such a degree.

---

For more information and to register, visit [cytopathologymeeting.org](http://cytopathologymeeting.org)
### SUNDAY, NOVEMBER 6, 2016

**6:00 PM – 7:00 PM**

**ASC Business Meeting & Awards Presentation**

All attendees are invited to attend the 64th Annual Business Meeting of the ASC. The agenda includes reports from the Executive Board and ASC Standing and Ad Hoc Committees. The results of the 2016 Executive Board Election will be announced. The 2016-2017 ASC President will be inducted and the new President will announce the Committee Chair appointments. The ASC President will award the Papanicolaou Award, the Cytotechnologist for Outstanding Achievement and the Excellence in Education Award and all the paper awards will be announced following the Business Meeting.

**7:00 PM – 9:30 PM**

**ASC Foundation Masquerade Reception**

Join us for one last evening of entertainment while catching up with old and new friends, speakers and colleagues. Enjoy delectable hors d’oeuvres and cocktails while dancing the night away in the Celestin A-C Ballroom. Add a touch of mystery by arriving in a custom mask or help yourself to the variety of masks available at the reception. This is an event you won’t want to miss!

### ADDITIONAL COURSES

**Attendees must pre-register in advance and receive a ticket, before entrance to these sessions will be honored.**

MEETING PROGRAM

SUNDAY, NOVEMBER 6, 2016

3:30 PM – 4:30 PM
Sign-out with the Professor 5
Difficult and Interesting Cases in EUS FNA
Michael R. Henry, MD

Trainee Enrichment 3
Lessons Learned, Diagnostic and Early Career Pearls
Krisztina Hanley, MD
Anne M. Mills, MD

4:00 PM – 5:30 PM
Non-Microscopic Workshop 14
Thyroid Cytology Case Studies: Follicular Patterned Lesions and Their Mimickers
N. Paul Ohori, MD
Zubair W. Baloch, MD, PhD

4:30 PM – 6:00 PM
Video Microscopy Tutorial 10
Salivary Gland Cytology: Beyond a Diagnosis of Salivary Gland Neoplasm
Zahra Maleki, MD

MONDAY, NOVEMBER 7, 2016

6:30 AM – 2:00 PM
Registration Open

SCIENTIFIC SESSIONS

7:00 AM – 8:00 AM
Continental Breakfast

8:00 AM – 9:30 AM
Diagnostic Cytology Seminar
The slides and case histories for this unknown case seminar will be available to view on the ASC Meeting Web site (cytopathologymeeting.org) by September 1, 2016; you will be able to diagnose each case until October 28, 2016. The results will be compiled and presented during this Seminar. Everyone is encouraged to participate in this online activity, even if you are unable to attend the Meeting. All responses will be anonymous. You can participate individually or as a group and make it an enjoyable experience for all. The final diagnosis will be posted on the ASC Web site after the meeting.

9:30 AM – 10:00 AM
Refreshment Break

10:00 AM – 11:00 AM
Diagnostic Cytology Seminar (Continued)

Schedule is subject to change

---

For more information and to register, visit [cytopathologymeeting.org](http://cytopathologymeeting.org)
GATHERING FOR FIRST-TIME ATTENDEES

Friday, November 4th | 6:00 pm – 6:30 pm

If you are attending the ASC Annual Scientific Meeting for the first time, you are invited to the Gathering for First-time Attendees. Stop in the Gathering for a chance to network and meet other first-timers. You will have the opportunity to mingle with members of the Executive Board, Membership Committee and Staff who can answer questions and provide guidance for navigating your first ASC Annual Scientific Meeting. There will be a drawing for cytology books, too! Please join us Friday evening!

ASC PRESIDENT’S WELCOME RECEPTION WITH EXHIBITORS

Saturday, November 5th | 6:30 pm – 8:30 pm

Wrap up the first full day of scientific sessions by joining your colleagues in the ASC Exhibit Hall. Get a bite to eat and drink while connecting with the Exhibitors and fellow attendees.

All attendees are welcome! Guests may attend for an additional fee. See page 5 for guest registration.

ASC FOUNDATION’S MASQUERADE RECEPTION

Sunday, November 6th | 7:00 pm - 9:30 pm

Join us for one last evening of entertainment while catching up with old and new friends, speakers and colleagues. Enjoy delectable hors d’oeuvres and cocktails while dancing the night away in the Celestin A-C Ballroom. Add a touch of mystery by arriving in a custom mask or purchase a mask for a donation to the ASC Foundation. This is an event you won’t want to miss!

Guests may attend for an additional fee. See page 5 for guest registration.
HOTEL

Hyatt Regency
601 Loyola Avenue
New Orleans, Louisiana 70113
(888) 421-1442

Experience the best of the Big Easy at the Hyatt Regency New Orleans. Just steps from the French Quarter, the New Orleans Morial Convention Center, and Downtown, your Hyatt stay puts you in the easy reach of historic neighborhoods, bayou tours, true Cajun cuisine, and some of the best jazz artists in the world. Hyatt guests are a short walk to almost every exciting attraction in this one-of-a-kind American city.

Reservation deadline: October 11, 2016
Reserve your room online at cytopathologymeeting.org or by calling (888) 421-1442 (online preferred).

SPECIAL DISCOUNTED RATES
FOR ASC ATTENDEES!

Single/Double: $209
(plus applicable fees and taxes per room, per night)

PARKING

For your convenience, Hyatt Regency New Orleans offers premium valet services.

In addition to the hotel’s valet, there are also a number of nearby parking lots (fees apply), including the 1301 Girod Parking Garage that connects directly to the hotel.

AIRPORT TRANSPORTATION

Cab transportation is available both within the city and to and from the airport.

The Hyatt Regency New Orleans extends its guests a 5% discount on all modes of transportation booked through its partner MyAirportTrip.com.
For a membership application to be considered complete, it must be filled out completely and be accompanied by an updated curriculum vitae (CV) or bibliography, a copy of either your current license(s) or registration certificate(s), sponsor information and your dues payment. Online application available at cytopathology.org
ADDITONAL TRAINING OR EXPERIENCE IN CYTOPATHOLOGY

RESIDENT, FELLOW OR STUDENT CYTOTECHNOLOGISTS
